■ Animated Video: Welcome to Challenge History of Duskin!

This animated video shares Duskin's journey of taking on more than 100 new businesses since its founding. Guided by Sei-ji, a character inspired by founder Seiichi Suzuki, the video highlights the company's story of growth, including both successes and failures. It also features English subtitles, making the video accessible to international visitors.

■ Stamp Trail Game (Free of charge)

Visitors can explore five stamp tables placed around the Cleaning Pavilion and collect a stamp at each one. When layered on top of each other, the stamps form a single picture. Through this fun activity, guests can create lasting memories as they learn about cleaning and hygiene.
