DUSKIN RESCUE

Duskin Rescue — reliable and rapid
response services

Recent years have seen escalating demand for immediate solutions to everyday emergencies such as lost door keys and malfunctioning door locks. At the same time, concerns have also arisen about lack of price transparency and service quality.

Leveraging our expertise in operating cleaning and housekeeping services nationwide, we have been evaluating the franchise model for emergency locksmith services since 2022. In expanding into franchising, we aim to provide reliable and rapid response services by combining solid technical skills and fair pricing with quick responses to key problems. We will also offer proposals based on security expertise.

Our immediate plan is to open two company-owned sales locations and six franchise outlets in the Tokyo, Nagoya and Osaka regions from January to February 2026. Moving forward, Duskin aims to expand the service network nationwide by establishing an organizational framework covering more than 100 locations by the fiscal year ending March 31, 2028.
