Duskin Holds a School Cleaning Seminar

Osaka (August 18, 2026) — On July 27, 2026, [Duskin Co., Ltd.](#) held a seminar on school cleaning as an educational activity for teaching staff of Osaka prefectural special-needs schools. This was the first time Duskin had run the seminar as part of school education support activities under its comprehensive partnership agreement with Osaka Prefecture. Twenty schoolteachers attended the seminar to grasp the significance of school cleaning and how to use cleaning tools. They also learned how to teach students about school cleaning as an educational activity to develop students' abilities.

In Japan, students clean their classrooms and communal spaces at school as a regular routine. School cleaning is not just a way to keep school clean, but serves as an educational activity for teaching responsibility, teamwork and respect for school surroundings.

Since 2000, Duskin has supported school education to develop the abilities of children through school cleaning. Duskin remains committed to helping children grow and improving educational environment through school education support activities in close alliance with municipalities including Osaka Prefecture.
