Each store offers 100 pieces a day, with no limit per customer. The offer is for in-store purchases only and is not available on delivery apps.

"Big Apple was born in Malaysia 19 years ago, and every one of our 100 stores was built on the support of Malaysian customers, our team and our franchise partners. This milestone belongs to

them, and we are deeply grateful," said Mr. Yasuo Mizoguchi, Managing Director of Big Apple Donuts & Coffee.

Big Apple opened its first store at The Curve, Mutiara Damansara, Petaling Jaya, in 2007, and will celebrate its 20th anniversary in 2027.

"We wanted to say thank you in a way every Malaysian can enjoy. Pandan is a flavour close to Malaysian hearts, so for the rest of October, Ola Pandan and Dreamy Pandan are RM1 at every outlet," he said.

Ola Pandan has a fragrant pandan glaze topped with a creamy vanilla swirl. Dreamy Pandan has a sweet pandan glaze with a dreamy, creamy vanilla topping and drizzle.

Big Apple's network in Malaysia includes both company-owned and franchised stores, and the brand welcomes new franchise partners.

"The F&B scene keeps changing, and customers have more choice than ever. To stay relevant, we keep listening to them. One hundred stores is a milestone, not a finish line. We will continue to grow and evolve into a brand that is loved by more customers and brings even greater happiness to their everyday lives," he added.

"Looking ahead to 2027, we plan to open another 10 stores across Malaysia as part of our continued expansion. Our ambition is to strengthen our presence nationwide and work towards becoming the number one donut brand in Malaysia," he said.
